THESE ARE DAYS

These are days you'll remember,
never before and never since, I promise.
Will the whole world be warm as this.
And as you feel it you'll know its true
That you are blessed and lucky.
It's true, that you are touched by something
That will grow and bloom in you.
These are days, you'll remember
when May is rushing over you with desire
to be part of the miracles you see in every hour.
You'll know it's true that you are blessed and lucky.
It's true that you are touched by something
that will grow and bloom in you.
These are days.
These are the days you might fill with laughter until you break.
These days you might feel a shaft of light make its way across your face.
And when you do you'll know how it was meant to be.
See the signs and know their meaning.
It's true, you'll know how it was meant to be.
Hear the signs and know they're speaking to you, to you.

Thank you for attending our concert this afternoon.
A special thanks to Mrs. Rose and the Art students who have their
work displayed.
